

Table of Contents

<i>Preface</i>	xv
<i>About the Author</i>	xxii

Chapter 1

<i>The Field of Human Development</i>	3
1.1 The Life Span Perspective	4
1.1a <i>The Field of Human Development</i>	5
1.1b <i>The Importance of Studying Life Span Development</i>	6
1.1c <i>Historical Perspectives on Human Development</i>	8
1.1d <i>Issues, Domains, and Principles of Development</i>	14
1.1e <i>Phases of Developmental Change</i>	21
1.2 Developmental Research Methods	23
1.2a <i>The Foundation for Research</i>	23
1.2b <i>How Are Theories Tested?</i>	26
1.2c <i>Developmental Considerations in Research</i>	31
1.2d <i>Widely Used Statistical Approaches</i>	34
Summary	36
Self-Quiz	37
Terms and Concepts	38

Chapter 2

<i>Foundational Theories in Human Development</i>	41
2.1 Foundational Theories in Human Development	42
2.1a <i>Theories That Focus on Biological Processes</i>	43
2.1b <i>Theories That Focus on Cognitive Processes</i>	45
2.1c <i>Theories That Focus on Emotional or Social Processes</i>	50
2.1d <i>Theories That Focus on the Environment of Development</i>	59
2.1e <i>Comparing Developmental Theories</i>	62
Summary	64
Self-Quiz	64
Terms and Concepts	65

Chapter 3

Genetics and Human Development 67

3.1 Genetics	68
3.1a <i>Biological Foundations</i>	68
3.1b <i>Genetic Disorders</i>	76
3.1c <i>Behavior Genetics</i>	81
Summary	86
Self-Quiz	86
Terms and Concepts.	87

Chapter 4

The Dawn of Development 89

4.1 Prenatal Development	90
4.1a <i>Stages of Prenatal Development</i>	91
4.1b <i>Critical Factors in Prenatal Development</i>	95
4.1c <i>Complications in Pregnancy</i>	98
4.1d <i>Prenatal Care</i>	99
4.1e <i>Reactions to Pregnancy</i>	103
4.2 Birth and the Newborn	104
4.2a <i>The Birth Process</i>	104
4.2b <i>Labor and Delivery</i>	105
4.2c <i>Complications</i>	110
4.2d <i>The Newborn</i>	112
4.2e <i>Transitions</i>	116
Summary	118
Self-Quiz	119
Terms and Concepts.	120

Chapter 5

Biological Aspects of Development during Infancy 123

5.1 Foundational Topics for Physical Development and Decline	124
5.1a <i>Growth Patterns</i>	124
5.1b <i>The Basic Structures of the Brain</i>	126
5.2 The Development of the Body	132
5.2a <i>Height and Weight Changes</i>	133
5.2b <i>Changes in the Brain</i>	134
5.2c <i>Other Physical Changes</i>	136

5.3 Sensory and Motor Skill Development	137
5.3a Sensory and Perceptual Development	137
5.3b Motor Skill Development	142
5.4 Health and Well-Being	145
5.4a Nutrition	146
5.4b Safety Concerns	148
5.4c Physical Health and Illness	148
Summary	150
Self-Quiz	150
Terms and Concepts	151

Chapter 6

Cognitive Aspects of Development during Infancy

6.1 Piaget's Cognitive Development Theory: The Sensorimotor Stage	154
6.1a The Sensorimotor Stage	155
6.2 Cognitive Processes	159
6.2a Attention	159
6.2b Memory	159
6.3 Language	163
6.3a What Is Language?	163
6.3b Spoken Language Basic Components	163
6.3c Language Development during Infancy	166
6.3d Theories of Language Acquisition	168
Summary	170
Self-Quiz	171
Terms and Concepts	171

Chapter 7

Socioemotional Aspects of Development during Infancy

7.1 What Are Emotions?	174
7.1a Emotion and Communication	177
7.2 Emotional Development	180
7.2a Emotions	180
7.2b Attachment	183
7.2c Attachment and Mental Models	185

7.3	Temperament	186
7.4	Social Development	189
7.4a	Play	189
7.4b	Day Care	189
	Summary	191
	Self-Quiz	191
	Terms and Concepts	192

Chapter 8

Biological Aspects of Development during Childhood 195

8.1	Physical Development during Childhood	196
8.1a	Height and Weight Changes	197
8.1b	Brain Changes	198
8.1c	Other Physical Changes	200
8.2	Sensory, Perceptual, and Motor Skill Development	202
8.2a	Sensory and Perceptual Development	202
8.2b	Motor Skill Development	203
8.3	Health and Well-Being	210
8.3a	Nutrition	210
8.3b	Safety Concerns	214
8.3c	Physical Health and Illness	216
	Summary	217
	Self-Quiz	217
	Terms and Concepts	218

Chapter 9

Cognitive Aspects of Development during Childhood 221

9.1	Piaget's Cognitive Development Theory	222
9.1a	The Preoperational Stage	222
9.1b	The Concrete Operational Stage	227
9.2	Other Early Theorists	231
9.2a	Vygotsky and Sociocultural Theory	231
9.2b	Binet and Cognition	236
9.3	Cognitive Processes	237
9.3a	Attention	237
9.3b	Memory	239

9.3c	<i>Theory of Mind</i>	241
9.3d	<i>Problem-Solving</i>	241
9.3e	<i>Metacognition</i>	242
9.4	Language Development	243
9.4a	<i>Language Development during Childhood</i>	243
9.4b	<i>Language Development During Middle and Late Childhood</i>	245
9.4c	<i>Variations in Communication</i>	246
9.4d	<i>Bilingualism</i>	246
9.4e	<i>Second-Language Acquisition</i>	246
9.4f	<i>Communicative Disorders</i>	247
9.5	Learning and Knowledge	247
	Summary	252
	Self-Quiz	253
	Terms and Concepts	253

Chapter 10

Socioemotional Aspects of Development during Childhood 255

10.1	Emotional Development	256
10.1a	<i>Early Childhood</i>	256
10.1b	<i>Middle and Late Childhood</i>	259
10.1c	<i>Emotion Regulation Across Childhood</i>	260
10.2	Attachment and Individual Differences	261
10.2a	<i>Attachment</i>	261
10.2b	<i>Individual Differences</i>	262
10.3	The Family	265
10.3a	<i>Parenting Strategies</i>	265
10.3b	<i>Siblings</i>	270
10.3c	<i>The Impact of Divorce on Children</i>	272
10.4	The Social World	273
10.4a	<i>Friends</i>	273
10.4b	<i>Peers</i>	274
10.4c	<i>Play</i>	277
10.4d	<i>The Electronic World</i>	281
10.4e	<i>Schooling</i>	282
	Summary	284
	Self-Quiz	285
	Terms and Concepts	285

Chapter 11

Biological Aspects of Development during Adolescence 287

11.1 Physical Development during Adolescence	288
11.1a Height and Weight Changes	288
11.1b Brain Changes.	289
11.1c Other Physical Changes and Motor Skill Development	290
11.2 Health and Well-Being	295
11.2a Nutrition	295
11.2b Safety Concerns and Risky Behaviors.	299
11.2c Physical Health	303
Summary	305
Self-Quiz	305
Terms and Concepts.	305

Chapter 12

Cognitive Aspects of Development during Adolescence 307

12.1 Piaget's Cognitive Development Theory	308
12.1a The Formal Operational Stage	308
12.1b Summary of Piaget's Theory	312
12.2 Cognitive Processes	313
12.2a Theory of Mind	313
12.2b Binet's Conception of Intelligence Versus Modern Conceptions	314
12.2c Ebbinghaus and Memory	316
12.2d Other Cognitive Processes	318
12.3 Communication	319
12.3a Language Development	319
12.3b Online Communication	319
Summary	326
Self-Quiz	326
Terms and Concepts.	326

Chapter 13

Socioemotional Aspects of Development during Adolescence 329

13.1 Emotional Development	330
13.1a Emotion Regulation	330

13.2 Attachment and Personality	331
13.3 Friends and Romantic Relationships	333
13.3a <i>Friendship</i>	333
13.3b <i>Romantic Relationships</i>	337
13.3c <i>Love</i>	337
13.4 The Larger Social World	341
13.4a <i>The Electronic World</i>	341
13.4b <i>Educational Settings</i>	342
13.4c <i>Work and Career Interests</i>	343
Summary	344
Self-Quiz	344
Terms and Concepts	345

Chapter 14

<i>Biological Aspects of Development during Adulthood</i>	347
14.1 Physical Development during Adulthood	348
14.1a <i>Height and Weight Changes</i>	348
14.1b <i>Brain Changes</i>	349
14.1c <i>Other Physical Changes</i>	351
14.2 Sensory and Motor Skill Development and Decline	360
14.2a <i>Sensory and Perceptual Development and Decline</i>	360
14.2b <i>Motor Skill Development and Decline</i>	365
14.3 Health and Well-Being	366
14.3a <i>Nutrition</i>	367
14.3b <i>Safety Concerns</i>	368
14.3c <i>Physical Health and Illness</i>	370
14.3d <i>Promoting Well-Being</i>	379
14.4 The Biology of Aging	380
14.4a <i>Evolutionary Theories of Aging</i>	380
14.4b <i>Stochastic Theories of Aging</i>	381
14.4c <i>Deterministic Theories of Aging</i>	382
Summary	383
Self-Quiz	384
Terms and Concepts	385

Chapter 15

Cognitive Aspects of Development during Adulthood 387

15.1 Cognitive Processes	388
15.1a Attention	388
15.1b Memory	391
15.1c Other Cognitive Processes	393
15.2 Learning and Knowledge	397
15.2a Cognitive Style	398
15.2b Motivation	399
15.2c Expert Versus Novice Knowledge	400
15.3 Communication	402
15.3a Language Development and Decline	402
15.3b Online Communication	405
Summary	407
Self-Quiz	407
Terms and Concepts	408

Chapter 16

Socioemotional Aspects of Development during Adulthood 411

16.1 Emotional Development	412
16.1a Emotion Regulation Across Adulthood	415
16.2 Attachment and Personality	416
16.2a Attachment	416
16.2b Personality	419
16.3 The Family	424
16.3a Establishing Independence	424
16.3b Millennials	425
16.3c Finding a Mate	427
16.3d Cohabitation	430
16.3e Marriage	433
16.3f Relationship Dissolution	438
16.3g Caring for Aging Parents	440
16.3h Grandparenthood	441
16.4 The Larger Social World	445
16.4a Friendships	445
16.4b Leisure Time	446
16.4c Work	447
16.4d Retirement	450

Summary	453
Self-Quiz	454
Terms and Concepts.	455

Chapter 17

<i>The Dusk of Life</i>	457
-----------------------------------	-----

17.1 Physical Aspects of Dying and Death	458
17.1a <i>What Is Death?</i>	458
17.1b <i>Leading Causes of Death</i>	463
17.1c <i>A Historical Perspective on Causes of Death</i>	466
17.1d <i>End-of-Life Care</i>	468
17.2 Cognitive Aspects of Dying and Death	474
17.2a <i>Understanding Dying and Death.</i>	474
17.2b <i>Communication During the Dying Process.</i>	480
17.2c <i>Coping with Dying and Death</i>	482
17.3 Socioemotional Aspects of Dying and Death.	484
17.3a <i>Emotional Aspects of Death</i>	485
Summary	494
Self-Quiz	495
Terms and Concepts.	496

<i>Glossary</i>	497
