Chapter 1

Teaching: Interdisciplinary Connections

What's It All About ...

From Today's Headlines

Educational Psychology

What Is Educational Psychology?

Why Is Educational Psychology Important to Teachers?

Educational Psychology: Building a Science-Based Practice

Experimental Research

Single Subject Experimental Research

Descriptive Research

Correlational Research

Discovering Action Research

Summarize and reflect

Becoming an Effective Teacher

Professional Knowledge

Subject Knowledge

General Teaching Strategies

Decision Making and Knowledge Application

The Expert Teacher Prototype

Summarize and reflect

Interdisciplinary and Collaborative Education

Teaching Today: The Importance of an Interdisciplinary Foundation

The Changing American Classroom

Individualizing Education

Using Interdisciplinary and Collaborative Tools in the Classroom

What Is Educational Collaboration?

Individual Assistance Models

Summarize and reflect

The Chapter in Review

Interdisciplinary Case Focus

Chapter 2

Developmental Foundations I: Thinking, Reasoning, and Language

What's It All About ...

From Today's Headlines

Typical Development and

Developmental Differences

The Developmental Process

Defining Development

Principles of Development

Developmental Differences:

Relative Perspective

Interindividual Comparisons

Intraindividual Comparisons

Summarize and reflect

Cognition and Developmental Neuroscience

Basic Brain Processes

Developmental Neuroscience

Implications for Teaching and Learning

Summarize and reflect

Vygotsky and the Interactive Nature of Thinking

Perspectives on Development: Which Skills Develop versus How Skills Develop

The Importance of Social Interaction and Language

Instruction: The Zone of Proximal Development and Scaffolding

Summarize and reflect

Piaget and the Inquisitive Child

Basic Principles

Stages of Development

Sensorimotor

Preoperational

Concrete Operations

Formal Operations

Evaluating Piaget's Theory

Underestimating the Abilities of Children

Overestimating the Abilities of Adolescents

Cognitive Development and Culture	56
Limited Explanations for Cognitive Changes	56
Extending Piaget's Theory:	
Neo-Piagetian Theory and Brain Research	56
Piaget and Developmentally Appropriate Instruction	57
Use Disequilibrium to Motivate	58
Appreciate the Construction of Knowledge	58
Build Understanding	58
Piaget and Vygotsky: Important Comparisons	59
Summarize and reflect	60
Language Development	60
Components of Language	60
Language Acquisition Theories	61
Reinforcement versus Maturation	61
Interactionist Perspective	62
Language and Linguistic Diversity in the Classroom	63
Phonology	63
Morphology	63
Semantics	64
Syntax	64
Pragmatics	65
Summarize and Reflect	65
The Chapter in Review	66
Interdisciplinary Case Focus	66

Chapter 3

Developmental Foundations II: Personal Identity and Social and Moral Development **70**

What's It All About ...	71
From Today's Headlines	74
The Development of Self-Perceptions	75
Self-Concept	75
Self-Esteem	76
Self-Esteem and Gender	76
Self-Esteem and Ethnicity	77
Self-Efficacy	77
Influences on the Development of Self-Perceptions	78
Social Experiences	78
Social Comparisons	78
Success and Failure Experiences	78
Self-Perceptions and Academic Success	78

Promoting Accurate and Positive Self-Perceptions in the Classroom	80
Using the Zone of Proximal Development	80
Teaching Students to Respect Differences	81
Summarize and reflect	82
Erikson's Theory of Psychosocial Development	82
Basic Principles: Psychosocial Crises and Lifespan Development	82
Erikson's Stage Theory of Psychosocial Development	83
Preschool Development	83
School Age Development	84
Adult Development	85
Promoting the Development of Personal Identity in the Classroom	86
Preschool Development	86
School Age Development	87
Adolescent Development	88
Summarize and reflect	88
Personal Development and Socialization	89
Agents of Socialization	89
Parents	89
Teachers	89
Peers	89
The Development of Social Behavior and Social Thinking	91
Social Skills	91
Social Competence	91
Social Cognition	91

Promoting Social Development in the Classroom	92	Behaviorism—A Focus on What We Do	110
Summarize and reflect	93	Learning	110
The Development of Morality and Social Responsibility	94	Learning Defined	110
Piaget's Theory of Morality	94	Learning Orientations	110
Kohlberg's Theory of Moral Development	95	Behavioral Perspective	111
Preconventional	95	Founding of Behaviorism	111
Conventional	96	Behavioral Terminology	111
Postconventional	96	Summarize and reflect	112
Criticisms of Kohlberg's Theory and Alternatives	96	Classical Conditioning—Learning by Association	113
The Stages	96	Pavlov and Watson: Importance of Contiguity	113
Hypothetical Moral Dilemmas	97	Basic Components of Classical Conditioning	114
Male Biased	97	Generalization versus Discrimination	115
Problematic Moral and Social Behaviors in School	98	Extinction	117
Aggression and Bullying	98	Limitation of Classical Conditioning	117
Victimization	98	Summarize and reflect	118
Cheating	99	Operant Conditioning—Learning by Consequence	118
Promoting Moral and Socially Responsible Behaviors in the Classroom	100	Thorndike and Skinner	118
Moral and Character Education Programs	100	Reinforcement	119
Moral Processing	101	Positive Reinforcement	120
Summarize and reflect	102	Negative Reinforcement	120
The Chapter in Review	102	Schedules of Reinforcement	120
Interdisciplinary Case Focus	103	Continuous versus Intermittent	120
		Intermittent: Ratio versus Interval Schedules	120
		Intermittent: Fixed versus Variable Schedules	121
		Using Schedules of Reinforcement to Modify Behavior	122
		Punishment	122
		Presentation Punishment	123
		Removal Punishment	123
		Shaping and Extinction	125
		Cueing and Prompting	127
		Applied Behavior Analysis	127
		Limitations of Operant Conditioning	129
		Summarize and reflect	130
		Social Theories: Learning by Observation	130
		Bandura—Modeling and Observational Learning	130
		Social Cognitive Theory	131
		Self-Regulation	132
		Self-management	132
		Cognitive Behavior Modification	133
		Summarize and reflect	133
		The Chapter in Review	134
		Interdisciplinary Case Focus	134

Cognition—A Focus on What We Think 142

Cognitive Perspective 142

Memory as a Foundation for Knowledge 144

Summarize and reflect 144

The Information-Processing

Model of Memory 145

Sensory Memory 145

Attention 146

Perception 147

Working Memory 149

Capacity and Duration 149

Chunking and Rehearsal 150

Components of Working Memory 151

Phonological Loop 151

The Visuospatial Sketchpad 153

The Central Executive 153

Forgetting 154

Long-Term Memory 154

Capacity and Duration 155

Elaboration, Organization, and Context 155

Forgetting 157

Proactive and Retroactive Interference 157

Retrieval Cues 158

Summarize and reflect 159

The Organization of Knowledge and Memory 160

Multiple Types of Knowledge 160

Declarative Knowledge 160

Procedural Knowledge 163

Conditional Knowledge 163

Building Knowledge and Improving Memory 163

Mnemonics 164

Automating Knowledge 165

When and Where to Apply Knowledge 167

Summarize and reflect 167

Metacognition 168

Metacognitive Knowledge 168

Metacognitive Regulation 169

Summarize and Reflect 170

Metacognitive Instruction 170

The Chapter in Review 171

Interdisciplinary Case Focus 171

Chapter 6

Higher-Order Cognitive Learning 174

What's It All About ... 175

From Today's Headlines 177

Problem Solving and Critical Thinking 178

Defining a Problem 178

Problem-Solving Strategies 179

Factors Affecting Problem Solving 180

Surface versus Deep Structure 180

Fixation versus Flexibility 181

Differences Between Experts and Novices 182

Development of Expertise 183

Impact on Education 185

Critical Thinking 186

Elements of Thought 186

Encouraging Critical Thinking Through

Questioning 187

Summarize and reflect 189

Metacognition and Study Strategies 189

Metacognition and Learning 189

Study Strategies 190

Note Taking and Summarizing 191

Scheduling and Time Management 193

Teaching Study Strategies 194

Summarize and reflect 195

Transfer 196

General versus Specific Transfer 196

Positive, Negative Transfer 196

Strategies Affecting Transfer 197

Learning Context 197

Similarity Between Learning and Application 198

Summarize and reflect 200

The Chapter in Review	201
